

Smoke Detector Program

100 E. Cotton St. | [Click here for map](#) [1]

[Fire Marshal's Office \(Arson Investigation/Fire Prevention\)](#) [2]

The Longview Fire Department's Smoke Detector Program offers free smoke alarms or battery replacement to residents that meet the following criteria:

- Live in the City of Longview, TX
- Own and occupy your home
- Are 1) Elderly 2) On a fixed income or 3) Handicapped

The smoke detectors and batteries are installed by on-duty firefighters at no cost to the resident. New smoke detectors and 9 volt batteries are accepted to help fund this life-saving program. They may be dropped off at Station 1, located at 100 E. Cotton St. in Longview.

Install:

The Longview Fire Department recommends that you install at least one smoke alarm on every level of your home. Smoke alarms are designed to wake you up if a fire starts while you are sleeping. Be sure your smoke alarms are near bedrooms and other sleeping areas in your home. Free smoke alarms are available for qualified home owners.

Test:

When was the last time you heard your smoke alarm? Battery-operated alarms should be tested once a month to make certain they are working.

Change:

Replace the batteries in your smoke alarm at least once a year. The Longview Fire Department recommends you do this when you change your clocks to Daylight Savings Time each fall.

Don't Forget

*.... Change your clock, Change your
Smoke Detector Batteries!*

*...From your Friends at
Longview Fire Department...*

Replace:

Replace your smoke alarm every ten (10) years. If you don't know how old your smoke alarm is, or if it is ten (10) years or older, replace it as soon as possible.

Smoke alarms save lives, but only if they are installed and working. The majority of fatality fires occur in homes without working smoke alarms.

If you or your organization would like to donate new smoke detectors and/or 9 volt batteries to our program, please contact us.
